REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-98 are allowed over the prior art of record. Current invention teaches a membrane element having nine support means with a central support surrounded by eight actuator means in contact with the support means. A cap having four pins, the pins resting on the rounded ends of the actuator, actuates four of the eight actuators. Four remaining actuators are actuated in pairs by the arms of a crosspiece finished in slanted ramps. The cap and the crosspiece is actuated from a single rod passing through and coupling the cap and the crosspiece. Claimed electric member switch "actuator", in combination with the claimed limitations of the base claim, are neither disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
